Abstract

In the pages of the present paper we propose the analysis of the administration organization of the Gagauzia Autonomous Administrative-Territorial Unit of the in Republica Moldova, with particularity at the City Hall of Comrat Municipality, in order to highlight its self-determination right. The research carried out shows that their own national emblems - flag, coat of arms, but also the establishment by referendum of their own capital, are prerequisites for the Gagauz autonomy. We found that, from the point of view of the administrative-territorial division, the autonomous territory of Gagauzia is divided into rayons, cities and villages, the Comrat Municipality representing the administrative center of the Gagauz autonomy. In Gagauzia, the local public administration bodies are the Gagauz Bascan, the People's Assembly and the Executive Committee. At the level of Comrat Municipality, the authorities exercising attributions in matters of local interest are the Municipal Council and the Mayor, the latter being assisted by three deputy mayors. From the analysis of the administration organization of the Gagauzia Autonomous Administrative-Territorial Unit, we noticed that it has a special legal status consisting of the right of the gagauz people to self-determination.

V. CONCLUSIONS

In light of the above, we can conclude that the study carried out made it possible to identify the particularities in the organization of the administration of the Gagauzia Autonomous Administrative-Territorial Unit from Moldova Republic, especially at the level of the City Hall of Comrat Municipality.

The analysis started with the location of the administrative-territorial unit of Gagauzia, which is part of the Republic of Moldova, situated in the southern part of the country.

Then, the study presents symbols of the Gagauz autonomy, namely the frag and the coat of arms of Gagauzia, both of which have symbols that symbolize the past, the present and the future.

Also, as a result of the referendum of all the inhabitants in Gagauzia, the capital of the Gagauzia autonomous unit is the Comrat Municipality, an important city from political, economic, cultural point of view.

Regarding the legal status of Gagauzia, we found that in the Constitution of the Republic of Moldova, the Law of the Republic of Moldova "On the special legal status of Gagauzia and the Gagauzian Regulation, the right of the Gagauzian people to self-determination is provided.

The territory of Gagauzia Autonomy is divided into rayons, cities and villages. The organs of the local public administration are the Bascan Gagauzia, the People's Assembly and the Executive Committee.
At the level of Comrat Municipality, the authorities exercising attributions in matters of local interest are the Municipal Council and the Mayor, the latter being assisted by three deputy mayors.

On the whole, we can conclude that the Gagauzia Autonomous Administrative-Territorial Unit is emblematic in highlighting the right of self-determination in the territory of the Moldovan Republic.
